Warranties

- 10 Year Residential Carpet Wear Warranty
- Lifetime Antishock Carpet Warranty

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. Where seaming is necessary, a seam sealant must be used for all such installations. Due to dye lot variations, actual material may vary slightly from the samples. Chair pads are recommended to prevent premature wear of carpet.

Ideal for Bedroom, Living Room, Dining Room, Entrance, Hallway, Study Room, and for Moderate Commercial Use.
