Performace

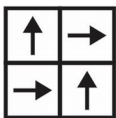

- Solution dyed fibres enable color retention throughout the useful life of the carpet.
- Nylon fibres possess good colour fastness properties.
- The nylon yarn are antistatic and can therefore be aptly deployed in work environment where antistatic properties are required.
- The nylon fibres are antimicrobial and antibacterial which inhibit the growth of microrganism such as bacteria and fungi.
- The inherent nylon resistance to moisture absorption permits spills and stains to be quickly removed.

Warranty : 3 Years Limited warranty

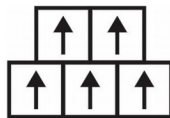

Usage : Commercial Applications

Note : Color from another production lot is subject to dye lot variation.

Recommended Installation Methods

Quarter Turn

Brick

Specifications

Construction	1/12" Multi Level Loop Pile
Yarn	Solution Dyed Nylon
Pile Weight	15.3 oz/yd ²
Pile Height	3.0 / 3.6mm
Total Thickness	6.2mm
Primary backing	Non-woven Fabric
Tile Backing	Cushion Bitumen (130g non-woven)
Tile Size	500 x 500mm
Packing	20 pcs per box (5m ²)
